It is desirable and important for comparability that your numbers based on the statistics available on EUROSTAT "Third-country nationals who have left the territory by type of return and citizenship - Voluntary return". http://appsso.eurostat.ec.europa.eu/nui/show.do?dataset=migr_eirt_vol&la... Otherwise, these statistics are not expected to include 2018 data before May 2019, which is too late for the current purpose. This information was provided by the Federal Police from Germany's data supplier responsible for these statistics. This AHQ was before only published on the group EMN REG Practitioners but there was no opportunity to answer for more than one person. The new deadline date is set to the 6th February.

2. HU has internal Schengen Border sections therefore it cannot measure the number of persons leaving the country as required by an order to leave or a voluntary return decision. The new large-scale IT system (e.g. SIS) developments may enable HU to have a better picture in the future.
